

Reading for Pleasure - update

Oak National Academy <https://library.thenational.academy/> is an online resource bank set up during the first lockdown. It contains hundreds of lessons and resources on all subjects for all age groups. As the Academy Librarian, the aspect of the site I'm most excited about is the Virtual Library. Read about it here on the [bbc.co.uk](https://www.bbc.co.uk/news/education-55692137) site:

<https://www.bbc.co.uk/news/education-55692137>

From the website click on the link for the *virtual school library* where, each week, a different author is featured, together with his/her books. Once students have read the book, they could log in to their AR and complete the book quiz. Details on how to do this are included below.

Please remember – any fiction titles read at home are probably available on Accelerated Reader to quiz. The most useful website for checking this is:

Please do not hesitate to contact me if you have queries about the Accelerated Reader programme.
