

July 2022

Dear Parent/Carer

Futures Week 2022
Monday 11th July – Thursday 14th July

I am pleased to write to you to confirm the details of our upcoming futures week for our Year 10 cohort.

From Monday 11th July, through to Thursday 14th July, your child will be taking part in a wide range of careers based activities. These have been designed to not only improve their key skills and understanding of what lies ahead of them next year, but to actively prepare them for the important decisions they will have to make about their future.

The schedule of the week will include, for a selection of students, a taster day at a local college. If your child is attending one of these sessions, you will be sent details separately. Alternatively, if this information is not included, your child will be taking on a leadership role within our Key Stage 3 Sports Day.

With the above exception, all events will take place in the Academy within the normal academy day. Behaviour and uniform expectations will therefore follow our usual policies.

Monday 11th July – ‘Futures Matter’ – Students will attend a preparation assembly, Word, Excel and PowerPoint Master classes and receive a talk from gold medal winning Paralympian Aaron Phipps.

Tuesday 12th July – ‘College Taster Day’. Students will attend their assigned college or sports day leadership role.

Wednesday 13th July – ‘YOUR Future’ – Students will have the full range of options available to them explained, followed by an extensive careers fair involving a combination of local colleges, organisations, and employers. They will also attend interview preparation and finance sessions.

Thursday 14th July – ‘Enterprise Day’ – Students will be taught how to write personal statements, CV’s and applications. They will complete applications for mock job roles and attend an interview conducted by local employers. This day will finish with a celebration assembly.

Yours faithfully

Mr Daniel West
Futures and Transition Lead

Principal - Benjamin Bond
